## WHY AMERICAN JEWS HAVE GONE BERSERK

American Gentiles have become mere spectators in their own country. Policy in all important areas of National life is made by the Jews, who do not even bother to explain to mere goyim what they are doing. Everybody knows by now that the Jews control both the Democratic and Republican parties; everybody knows that American Foreign Policy is simply Zionist policy; everybody in the whole world knows that the United States is firmly under Jewish rule. Still, many workaday American goyim are hard put to understand what the Jews are up to. Business men say to us, "I have important economic decisions to make, but how can I make them? I need to know what the Jews are up to." Nice old Gentlemen, who call themselves "Conservatives," sit on park benches and grumble; unhappily, that is ALL they ever do; the American Conservative today is not a dynamic leader; he is merely a parkbench grumbler, a mere spectator in his own country. He knows what "ought" to be done, but he does not know how to take power from the Jews, how to become once again Master in his own house.

Everybody knows that Marxism has something to do with Jewish power. Few Americans understand how it really works. Actually, American "Communism" and "anti-Communism" are both run by the canny Jews, who always know that you cannot lose a battle if you control both sides. The Jew does not especially care whether you are a "Communist" or an "anti-Communist," so long as you are one or the other. The Jew always offers you a choice of "two sides," which are alleged to be locked in mortal combat with each other, but which actually work hand-in-glove to serve the purposes of the Jews. Phoney battles which waste the political energies of the goyim are good red meat to the Jew. The American Jews are the world's greatest masters of organized pseudo-controversy. They have rendered the whole area of political propaganda in this country worthless. Does any possibility of really constructive political activity still exist in this country at all? It is very, very doubtful.

Many American goyim still believe that there is a "Communist Revolution" which grips the masses of the world, especially the industrial workers. They believe that "Red Russia" and the American Working Class are allied in an effort to annoy decent Middle Class folk. Actually, it is well-established historical fact that the American Plutocracy of New York are, and always have been, the principal financial backers of World Communism. They financed the Russian and Chinese Revolutions. They have always controlled the Marxist labor unions and have used them so ruthlessly to dominate the working class, that the working

DIVIDED WE FALL**

class is driven spiritually to the edge of the abyss. The American Jewish Plutocracy has always supported both "Communism" and "anti-Communism." When you choose a political position on the "Right" or the "Left" you are making a totally meaningless choice. You are merely obeying the Jewish intellectual quack, who tells you that you "MUST CHOOSE" between these two positions which he has created for you. Actually, there is no reason why you should accept either of these ridiculous positions, except that the Jew wishes you to do so, so that he may have power over you. You could escape Jewish domination ONLY by rejecting any obligation to make this ridiculous choice. As long as you submit to the tyranny of the "obligatory" Right - Left choice you will be under Jewish rule.

Is it possible for a Gentile to escape Jewish rule?

Indeed it is. Germany did escape Jewish rule for a time. How did they do it? Precisely by rejecting the Right-Left racket in its entirety. There were some very smart people in Germany. Gustav Krupp was once a "Right Wing" big businessman. He decided, finally, to reject the Right Wing position in favor of a NATIONAL position; much of the German industrial community followed him. Hitlerism was NOT a "Right Wing" movement, although the American Jews have attempted to relegate it to that position. National Socialism rejected the entire "Right-Left" orientation of Society. It rejected the idea of "Class Struggle" in favor of National Unity. There can be no healthy Nationalism in a Society divided by class hatreds. A society which is divided between "Right" and "Left" is a SICK AND DYING Society. The Jew introduces the "Right-Left" disease into society precisely to achieve this destruction of the culture of the goyim. In spite of having lost World War II, Germany remains largely JUDENFREI to this day, and is much the better off for not having Jews. Germany may well have a

better chance of National survival than the United States. This Jew-ridden Nation is well on the way to the oblivion of Nineveh and Tyre.

There can be no American survival UNLESS we eliminate the "Right-Left" division from our Society. There can never be either a "Right Wing" victory or a "Left Wing" victory, because there is no real battle between the Right and the Left. There is only a pseudo-battle, a puppet show stage-managed by the Jews. Often we are presented with a "Great Conservative" leader who allegedly is going to "Save us from Communism." His policies are identical to those of another man whom we are told is a "Great Liberal." We are often given choices between "Great Conservatives" and "Great Liberals." Actually, both are on the Jewish payroll. The "Great Conservative" ends up some day making a speech to assembled members of B'nai B'rith. He promises aid to Israel. He promises to speed the interbreeding of whites and Negroes, so that we may sooner have a coffee-colored population which will be pleasingly obedient to the Jews. The American Conservative is always eager to prove that he can lick the Jewish boots just as well as the American Liberal. What are the terms "Conservative" and "Liberal" worth today? They are worth exactly nothing.

The Jews clearly have things going their way in America. Why, then, is there a terrible undertone of fear sweeping through the American Jewish community this year?

The Jews are doing wonderfully well in America. They are not doing so well in the rest of the world. There are mutterings against them in Argentina and South Africa. The Middle East has worked itself up to a fine frenzy of hatred against them. In Western Europe, Jewish popularity has sunk to a low ebb. All of this, however, is nothing compared to what has happened to the Jews in Russia. Twenty years ago, the Jews ruled Russia and America, and thus ruled the whole world. They faced the future confidently. Today all that is shattered. The world Jewish community is berserk with fear. The whole structure of Jewish world power is gravely threatened.

What happened to the Jews in Russia?

We know all of the standard Right-Wing myths about Russia. We meet dozens of sweet little old ladies of both sexes who are eager to believe that all Russians are mad dogs, infected with the fatal virus of Marxist ideology. The American Jews were the principal instigators of the October Revolution in Russia. At the same time, their mass media created the popular image of "RED RUSSIA" as a strange and wonderful land, in the grip of a mad dog social philosophy. In other words, the American Jews created both images: The image of Russia as the Marxist "Wave of the Future" and the image of Russia as a mad dog nation in the

(Continued on Page 2, Column 1)

## WHY AMERICAN JEWS HAVE GONE BERSERK

(Continued from Page 1, Column 3)

grip of fatal lunacy. American Jewish propagandists have long manipulated both of these images to their great advantage. American Jews baited the American Gentile working man as a "DIRTY RED," while at the same time they spent millions of dollars financing the Russian and Chinese Communist revolutions. The original purpose of the Russian revolution was to make Russia a satrapy ruled by remote control from New York. Leon Trotsky, a New Yorker, was made commander in chief of the Red Army. The Jews of New York now had an Army at their command. They were powerful men indeed. They manipulated Marxist ideology to build their power around the world.

So-called "anti-Communists" are just as important to the Jews as Communists. BOTH SIDES of the Right-Left lie have to be kept cooking furiously. The typical American professional "anti-Communist" is a young idealist in the beginning. He wants to "Fight Communism." Gradually, he learns from "Older Heads" in the game. He sees that the old pros in the field always pull their punches and are careful not to do any actual harm to the Communists. Someone whispers to him that there are "REASONS" why these things must be. It is sort of like foxy old Grandma explaining to a young boy that the stork does not really bring babies. There is a "GREAT MYSTERY" hidden somewhere in the picture. Gradually, the young anti-Communist learns that the "Fight Against Communism" is a fraud. Nobody is really fighting anything. Finally the chill, bleak curtain of total cynicism falls. The young idealist realizes that the BIG RICH of America are secretly supporting Communism around the world, even while they pretend to be "anti-Communists." The purpose of the professional anti-Communist is to be a shill and front man for this shoddy intellectual racket.

These shoddy intellectual racketeers are always writing to COMMON SENSE to tell us that we have made "errors." We have not followed their "line." We have deviated from the standard, accepted mythology. Indeed we have. Conde McGinley did not found COMMON SENSE for the purpose of fighting a sham battle. We do not associate ourselves with the kind of "anti-Communists" who are only fighting a sham battle, who are openly "anti-Communist" but who secretly do business with the Jews and the Marxists.

Anyway, this racket is DEAD.

In order to succeed, this racket had to control both the U.S.A. and Russia. Today the Jewish game in Russia is hopelessly and irretrievably lost. Russia will soon take the place of Hitler as the Eastern Hemisphere nemesis of the Jews. The ultimate purpose of Russia is to make the Eastern Hemisphere completely JUDENFREI. We know, without being told by vast hordes of sweet little old ladies of both sexes, that this is contrary to the accepted Right-Wing myths. Apparently it is important to many people to believe that "RED RUSSIA" is firmly in the grip of Jew-Marxists; that all Russians are fanatic believers in DAS KAPITAL. This view is derived from the myths created by the American Jews. The "Russia" created by American Jewish propaganda doesn't exist on this planet or any other. There is a place called Russia, located on the other side of the world. No accurate information about the real Russia is to be derived from either Right-Wing or Left-Wing propaganda. American Right-Left propaganda about Russia is purely propaganda and nothing else. It is concocted solely for the purpose of influencing American domestic opinion. It does not bother itself about the real Russia at all. When the propagandists set themselves to work, they do not believe that the American people are entitled to any really accurate information. The American people are regarded as merely so many sheep to be herded. The Right-Winger seeks to associate RED RUSSIA with the American working class, so as to intensify class hatred against them; the Left-Winger seeks to equate RED RUSSIA with worldwide social

## ZIONISTS PLOTTED END OF U.S. NATIONHOOD

**SIDNEY J. WEINBERG**, successor to Baruch and world powerful Zionist, director of 31 of America's largest corporations, directs Council of Foreign Relations and Business Advisory Council. Weinberg not only fills vacancies but creates them. **WALT ROSTOW**, top State Dept. planner, Special White House Assistant, stated in his book "The United States in the World Arena": "... It is, therefore, in America's

interest to see an end to nationhood as it has been historically defined." **ADAM YARMOLINSKY**, Deputy Assistant Secy. of Defense for International Affairs. In sworn testimony before a Senate committee April 5, 1962, Yarmolinsky dropped this gem: "I believe that I was inclined to believe that a Communist government was desirable."

progress, in order to promote Left-Wing causes in the U.S.A. This may have been all very well back in the 1920's. In those days, Russia seemed safely remote and could be used as a propaganda foil without much regard for what was really going on there.

Nobody in the United States, either Right or Left, bothered to ask whether or not the Russians would go along with the game. It was simply assumed that they would. The Jewish myths of the 1920's made Russia the "Clown of the World;" the nation engaged in a foolish and ill-fated social experiment.

Today Russia has rebelled against the Jewish myth. Russia today is no longer a myth. Russia is a dangerous reality. Russia is a gargantuan armed camp which is planning a military attack upon the United States. This is not alone the opinion of COMMON SENSE. U.S. Military Intelligence has warned both Congress and the President that the United States is in danger of annihilation. During the past year, we have cited competent authorities for this view in COMMON SENSE. We have cited the views of General Nathan F. Twining, former head of the Joint Chiefs of Staff; we have cited Dr. James McBride, of the Institute for Strategic Studies at Georgetown University. General Twining's book NEITHER LIBERTY NOR SAFETY will tell the average citizen what he needs to know about the matter. We have also cited General Curtis LeMay's book AMERICA IN DANGER.

What is the nature of the Jewish failure in Russia?

One day, shortly after the death of Stalin, two divisions of Red Army troops were brought near Moscow, on the pretext of holding maneuvers. Suddenly these troops swept into the city and surrounded the infamous Lubkiana Prison and Secret Police Headquarters. Control of the Secret Police was the real essential of Jewish power in Russia. On that day, troops went inside the Lubkiana Headquarters and spattered the walls liberally with Jewish gore. All over Russia, the scene was repeated. A decisive coup occurred. The Army took over from the Jews. World Jewry was horrified, but little was said about the matter in the Jew-owned mass-media. It was deemed better to cover the matter up and attempt to cope with it through ideological machinations, the typical power-method of the Jews. This is the real cause of the Sino-Russian split. Chairman Mao is a stooge of the American Jews. The Chinese Communist revolution was uniquely a creation of the American Jews owing its existence to American Jewish money and propaganda. Therefore, when Russia became unruly, the American Jews set Mao against the Russians in an effort to discipline them. The American Jews fought Russia inside the World Communist Movement.

The plain fact is that the present-day rulers of Russia do not care a jolly good damn what happens to the "World Communist Movement." They are not depending upon Communism to give them world power.

They are depending upon orthodox military and diplomatic means. They are playing the "Power Game" just exactly the way Prince Talleyrand or Cardinal Richelieu would have played it under the same circumstances.

At the time of the "June War" in 1967, many Right-Wing papers, told you that there was a "Secret Agreement" between Russia and Israel, and that both were working together to "Advance World Communism." This became, for a time, the "standard" Right-Wing myth. It is a myth which won't hold water. COMMON SENSE does not peddle either Right-Wing or Left-Wing myths. When we report on world events, we take the trouble to find out what is really going on. The fact is that the Army, which now rules Russia, hates the Jews. But Russian policy in the Middle East is not based upon a mere emotional hatred of the Jews; it is based upon a sound understanding of the Power Game. The name of the game is to destroy the United States. First, our world position is to be eroded away. Finally, there is to be a military attack which will wipe out the present population of the United States and make our land available for resettlement by Russia's own growing population. There are three important factors to be kept in mind about the coming Russian attack upon the United States:

1. It will be a MILITARY attack. It will not be related in any way to Communist revolutionary activity. The Army men who rule Russia today have never even read Karl Marx and couldn't care less what happens to his worthless ideas.

2. The attack will not come at a time of international crisis or high international tension. In order to achieve a maximum of surprise, the Russians will make their attack at a time of RELAXED international relations. The most likely time of the attack will be a time when the pack of fools and scoundrels in the State Department have just signed some sort of "peace treaty" with Russia.

3. It is NOT the purpose of Russia to "Communize" the United States. They are not concerned in any way with our asinine domestic pseudo-controversies which are polarized between "Left" and "Right." In Russia itself there is no "Left Wing" and no "Right Wing." There is only "Holy Russia," the Third Rome, the big armed camp which has a divine mission to conquer the world and wipe out the wicked Americans.

This is the real nature of the menace which confronts the American people today. The real defense lies in the field of Military Technology, not in the field of anti-Communist gasbagery. We can survive only if we possess an overwhelmingly superior military technology. Anything else is not even worth talking about. Yet it has been the policy of the McNamara regime in Defense and the Walt Rostow crowd in State to weaken American defenses, to promote "Disarmament" and "Test Ban Treaties." This is the purest essence of National Suicide. If the McNamara-Rostow policies are continued into another four years in Washington, we

(Continued from Page 2, Column 3)

will have only one piece of advice to give you: **FLEE THE COUNTRY.** You may ask, "Where would I go?" Never mind where. **JUST GO.** Just don't be here when the chickens come home to roost.

Russia is no longer the "Communist clown of the world." Russia is a big, well-organized armed camp which is planning an armed attack upon the United States. The importance of ideology has gone into a sharp decline. The **MILITARY** man has emerged, around the world, as the key figure in contemporary history. Relations between nations are primarily relations between Headquarters and Headquarters. The Jew was a key figure in the age of Ideological Power; Jewish ideological machinations brought great power to the Jews. The real meaning of contemporary events is that the Age of Ideology is over, and, in a badly overcrowded world, the fight for bare survival has begun. This is to be a purely **MILITARY** battle, with ideology fading toward insignificance. "Communism" and "anti-Communism" are merely intellectual relics of yesterday.

What will happen to the Jews?

**PLENTY.** Israel is surrounded by hostile states, and depends entirely upon U.S. support for its existence. But support of Israel has so badly weakened the U.S. position in the Middle East that we are likely to be forced out of the area entirely. Israel will become a hostage of the Russians. The Russians will not allow the Arabs to destroy Israel immediately; rather, the Russians will hold Israel as a hostage for the good behaviour of the world's Jews, who then will be tied to the chariot-wheels of the new Russian Imperialism. Jews will begin to work, unwillingly, for Russia around the world. Thus the Russian Military have turned the tables completely on the Jews. After the October Revolution of 1917, the Jews ruled Russia ruthlessly; now the Soviet Marshals will exploit the Jews of the world with equal ruthlessness. They will say to the world's Jews, "Either support our game, or Israel will die."

The coup at the Lubkiana Prison was one of the most important events of this century. It changed the face of Russia, and of the world. Russia had nothing to gain by sticking to Jew-Marxism. Under Jew-Marxism, Russia was only a satrapy of the New York Jews, ruled and oppressed by foreigners. Russia has everything to gain by being Anti-Semitic. Already, they have taken the Middle East. They will soon take Western Europe, too. Europe does not want to fall under Russian domination. Europe has seen what happened to the East European satellites; Russia sucks away the wealth of the satellite countries, takes the best fruits of production for herself. Trade between Russia and the satellites has been a matter of highway robbery. One trade treaty between Russia and Poland was so bad for Poland that the Polish Minister of Finance shot himself after reading a copy of the treaty. Nevertheless, all Europe will be sucked into the Russian sphere of influence, not because they want to be, but because Europe has been flanked from the South as a result of the 1967 "June War." Europe hoped that the United States would provide the world with a strong, wise leadership which would save the West from falling under Russian rule. Under "Jewish Supremacy" we have done nothing of the sort. In June, 1967 Sir John Baggot Glubb warned that we were in danger of losing our European allies along with the Middle East. This has now happened. We have thrown away our last chance at world leadership. We have traded the Western Heritage for a mess of Jewish pottage. We are coming rapidly to the ignoble end of an epoch of degeneracy.

The Jews? Their "Great Victory" of June, 1967 has turned to ashes in their mouths. Their policies are bankrupt; their ambitions are thwarted; their hopes are confounded. The age of "Jewish Supremacy" in the world is ended. The Age of the Third Temple never really got off the ground. In

## WHAT IS A COMMUNIST?

The University Intelligentsia are saying odd things about Communism these days. Billy Boy Buckley quoted some of them plaintively in his newspaper column recently. Here are some of the things they are saying:

"I am sure I don't know what a Communist is any more."

"We are using the words of two decades ago to describe the realities of today."

"I think we are using the word 'Communist' too much."

And so on. These well-paid intelligentsia perplex us. Some of them earn from twenty to thirty thousand a year for being professional intellectuals. Surely they ought to know what a Communist is. Even we humble hacks here in Union, New Jersey know that. Since all these highbrow folk cannot tell you, we will tell you.

In the first place, it is a mistake to believe, as many anti-Communists do, that "all Communists are alike." Obviously this cannot be so. A Chinese Communist is at least different in color from a Russian Communist. A fancypants Jew-Communist Hollywood writer earning a hundred thousand a year is obviously different from a Vietcong peasant whose income is less than a hundred dollars a year. There are indeed different types of Communists. We shall proceed to describe some of them for you.

**THE AMERICAN COMMUNIST** — pretends to be a bold, slashing proletarian revolutionist, but he is really a timid pimp for the wealthy Jews of New York. He signs petitions and attends testimonial dinners in proletarian hangouts like the Waldorf-Astoria in New York. Publicly, he fights the anti-Communists; privately, he is on good terms with them. The Communists and the anti-Communists are like lawyers who fight each other in the courtroom and then go out and have lunch with each other. Their function is to manipulate American Public Opinion through a managed interplay between "Right" and "Left." A successful American Communist earns about \$100,000 a year fooling the American suckers.

**AN ITALIAN COMMUNIST** — is a proletarian by trade, but a **PETIT BOURGEOIS** at heart. There will never be a Communist revolution in Italy.

**A FRENCH COMMUNIST** — is a working stiff who knows perfectly well that the Paris Bourse owns the French Communist Party, but doesn't know what to do about it.

**A GERMAN COMMUNIST** — is purely a figure of history. German Communism disappeared when Hitler came along. All of the Communists quickly donned brown shirts with Swastika armbands.

**RUSSIAN COMMUNISTS?** — There are no native Russian Communists. All of the Communists who ever did business in Russia came there from New York.

**A CHINESE COMMUNIST** — is simply a unit in a vast overpopulation problem. Communism promises to solve this problem, which indeed is the only real problem it is capable of solving. The Chinese Communists are killing each other off with artillery and machine guns. Famine is also brewing in China. It seems likely that Communism will solve the overpopulation problem.

**A VIETNAMESE COMMUNIST** — is the last sucker, the last little man anywhere in the world who can be swindled into holding a true belief in Marxism.

**A YUGOSLAV COMMUNIST** — is busy making money in the tourist trade.

**A PORTUGUESE COMMUNIST** — is in jail.

**A NEGRO COMMUNIST** — is busy making money in the Civil Rights Racket.

**A CUBAN COMMUNIST** — wishes he had something besides too much sugar cane.

**A BRITISH COMMUNIST** — wishes that the Jews of London were as generous as those of New York.

**A HOLLYWOOD COMMUNIST** — complains about the high cost of swimming pools and white Rolls-Royce cars. He is also outraged by the high wages demanded by but-

## ALAN CRANSTON

A devastating blow at the very existence of this nation was struck in the recent election with the victory of **ALAN CRANSTON**, one worlder, red fronter and arch-foe of nationalism, over patriot Max Rafferty. Cranston's claim to infamy was perhaps highlighted in the successful passage by the Calif. State Legislature of the so-called "California Plan" Resolution calling for the transformation of the U.S. into One World government. Acting under direct orders of of the C.F.R., Cranston drew up the resolution and was the architect behind the move to get every state to pass a similar resolution. Quick patriotic action in California (notably led by Myron Fagan and Jack Tenney) caused the California resolution to be rescinded and declared an act of treason!

lers, chauffeurs, and chefs whom he employs in his home.

**A STATE DEPARTMENT COMMUNIST** — in Washington — is happily simple-minded. He doesn't have to think. All of his thinking is done for him by Jews in New York.

Some people wonder why so many of our college students turn to Marxism. There is no mystery about it. Being a Communist is a good racket in the U.S.A. today. Biggies earn as much as the President of General Motors. Even ordinary run-of-the-mill Communist intellectuals get good professorships or government jobs. The best thing is to change your name to Goldberg or Finklestein; tell everybody your ancestors peddled tin pans in some Jewish village in Poland. Always cheer Marxist causes, but let it be known privately that you really know the name of the game and know how phoney all this really is. Then you will be a member of the "In" group. You will be a "Professional in the Racket" of manipulating the managed interplay between Right and Left which is the foundation of Jewish power in America.

"... Nationalism is a danger for the Jewish people. Today, as in all epochs of history, it is proved that **JEWS CANNOT LIVE IN POWERFUL STATES WHERE A HIGH NATIONAL CULTURE HAS DEVELOPED.**"

(From The Sentinel, Chicago, Sept. 24, 1936, reporting a finding of the Central Conference of American Rabbis).

"I believe national pride a lot of nonsense."

(Bernard Baruch, in Chicago Tribune, Sept. 25, 1935).

"Our nationality is the religion of our fathers, and we recognize no other nationality."

(Adolphe Cremieux, Jew, printed in Morning Post, London, Sept. 6, 1920).

"People too often believe in patriotism and religion..."

Arthur Schlesinger, Administrative Assistant to JFK and LBJ.

## PREAMBLE TO WORLD CONSTITUTION

"The age of nations must end... the government of the nations have decided to order their separate sovereignties in one government of justice, to which they surrender their arms; and to establish this as the covenant and fundamental law of the Federal Republic of the World."

# 'The Usurpers'

Medford Evans is one of the top literary Birchers. Frankly, we COMMON SENSE writers couldn't write for AMERICAN OPINION. We are a bit too brutally outspoken, and Bob Welch would tell us that our copy wouldn't do. We are pleased, however, to note a little improvement in AMERICAN OPINION lately. They have stopped being quite so vague, and have begun to supply a few specific details about the conspiracy which holds this country in thrall. Medford Evans has written a book which we can recommend to all thinking Americans. He doesn't say things quite as bluntly as we do in COMMON SENSE, but he says some important things, and he says them very nicely.

His new book THE USURPERS at long last gives a fairly accurate view of the Conspiracy's basic nature. Evans says, "I do not think that many if any of those top men of the Conspiracy are traitors, in the classical sense of simply betraying their own country, the U.S.A., to another country, say, the U.S.S.R. I think that many of our top leaders in government and business have participated in a usurpation of power through which they hope to manage rather than represent the American People. I think further that they hope to participate in the management of the World, and that they do not envisage this as possible without ultimately merging with the Communist bloc. . . ."

Note that phrase carefully: "ULTIMATELY MERGING WITH THE COMMUNIST BLOC. . . ." This means scuttling the U.S.A. as a Nation, merging us with foreign nations under the super-management of an International Super-Capitalism. The cut-rate Supermen at the top in the U.S.A. today actually believe that they can do this. They care nothing for arguments between "Communists" and "anti-Communists." They hire and fire both Communists and anti-Communists like office boys. They use both when it suits their purposes.

Evans fails quite to define the real essence of the matter: When Society is changed from living organism to dead intellectual mechanism, then Society is dead. In the last thirty years, the "Managerial Elite" has just about killed the American Civilization. Now they boast of what a well-embalmed corpse it is. A. K. Chesterton does a bit better in his book THE NEW UNHAPPY LORDS.

Nevertheless, "THE USURPERS" is a welcome step upward from the usual empty-headed chatter about a "Conspiracy" which is never quite defined, from the vague implication that the "Conspiracy" somehow boils up from the ranks of "the poor," or that it is imported from "Red Russia." The Conspirators are the American leaders who have pretended to be "anti-Communists," but who secretly provided the main financial support of World Communism.

We are not against Big Business, you understand. We adore Big Business. We just simply wish that American business men had some blankety-blank sense. There used to be some who did, but they are nearly all dead. We think fondly of old Henry Ford, for example. Some of us at COMMON SENSE knew Gustav Krupp. Krupp proved that a big business man does not necessarily have to support Communism, or to scuttle his own people, his own race, his own country, at the behest of the International Bankers. We wish we had about a half-dozen Krupps in this country.

The trouble is, we don't. We have mentioned before that at the funeral of the late Alfred Krupp, the pallbearers were six working men from the Krupp plants. The House of Krupp was dearly beloved around its countryside. The average American tycoon today couldn't find six working stiffs who would tote him to his grave, unless they were paid double overtime. Too many American business men have sold their souls to the Great Harlot, and have run off after Marxism, and have shouted "anti-Communism" while they were giving money to the C.P. There is no conspiracy in this

# THINK!

Not many years ago, it would seem, a French Communist did the reverse when he wrote the following in a French Communist publication:

"The Gospel is a much more powerful weapon for the renovation of society than our Marxist view of the world. Yet it is we who shall conquer you in the end. We are only a handful, but you Christians are millions. Think of the story of Gideon and his three hundred companions, and you will understand why I am right. We communists do not play with words. We are realists, and because we are determined to reach our end, we also know how to provide the necessary means. Of our salaries and wages, we keep only what is absolutely necessary, and the rest we give up for propaganda purposes.

"To this same propaganda we also devote our leisure time and part of our vacation. You, however, give only a little time and scarcely any money for the spreading of Christ's Gospel. How can anyone believe in the all-surpassing value of the Gospel if you do not practice it? If you do not spread it? Believe me, it is we who shall conquer, because we believe in our communist gospel and are willing to sacrifice everything, even life itself so that social justice may triumph. But you, are afraid of soiling your hands."

Yes, the Communists have borrowed the fire from the Gospel and intend to burn the church down together with its own unused or untried idealism. When there are as many truly dedicated Christians who "are not afraid of soiling their hands" as there are Communists who are ready to lay their lives down for their false ideologies, the ultimate goal of the Vatican Council will be realized . . . the renewal of the church and the re-living of the Gospel message in our day.

It is the firm belief of many pious souls throughout the world that if mankind does not soon return to God and stop offending God, that the Almighty will take things into His own hands and may shower punishments upon the world, the likes of which the world has never witnessed before. Think! Pray! Act!!!

country which boils up from the ranks of the common people; the conspiracy is a Wall Street Conspiracy all the way.

The Evans book on these subjects is not quite thorough enough for our taste, but it will be a real eye-opener to many people. Here in Union, New Jersey we've known these things so long that we're sort of blase about the whole business, but the book "THE USURPERS" will be a revelation to a good many people. The Conspiracy which holds us in thrall is not merely a "Leftist" Conspiracy. It is a "Left-Right" Conspiracy which controls both sides of the Right-Left Game.

All good Birchers should buy and read this book at once. Readers of COMMON SENSE are already ahead of it, but might find it interesting just the same. Evans makes some comments on Vietnam which we intended to publish some time ago, but we couldn't find room in our little paper. His comments on the Kennedy Assassinations are also a valuable point. This is a paperback book well worth one dollar — even to COMMON SENSE readers who already have heard most of this stuff from us.

## WHY AMERICAN JEWS HAVE GONE BERSERK

(Continued from Page 3, Column 1)

the face of disaster, what are the American Jews doing? They are going berserk. They are compounding all of their past errors. They are demonstrating, once and for all, their total unfitness for the exercise of power in a Gentile nation. But the Jews are not the only offenders. Some of the worst "Jews" in the country are actually Gentiles who love to roll in the Jew-filth of Right-Left pseudo-controversy, who love class hatreds, who are lovers of self rather than of God, promoters of their own fortunes rather than defenders of the Nation. COMMON SENSE also recognizes the fact that there are some Jews who are better than some Gentiles in this respect. We deplore the activities of Dore Schary, Sidney Weinberg, and Walt Rostow; but we also know that some of the worst "Jews" in the country have good old English names. If this Nation does not mend its ways quickly, then this Nation shall come to a quick and violent end. We have come to a Time for Greatness, and we have only pettifogging fools and scoundrels to represent us. We have "anti-Communists" who secretly give money to the Communist Party. We have "Great Conservatives" who are quickly convertible into "Great Liberals," especially when they make speeches before B'nai B'rith. The real nature of the Evil which besets us is not merely Communism, but the "Right-Left" Racket. As long as the Jews can keep us artificially divided between "Right" and "Left," they are firmly in the saddle. We could escape Jewish domination only by smashing the Right-Left Racket in its entirety. Unhappily, we have too many thick-headed goyim who refuse to see this, so the Jew remains astraddle our necks. This used to be a great country. It is sad to see it going down the drainpipes of history, like dirty water swirling out of a bathtub. We are tied to a Jewish scheme which has failed. Even the Jews know today that their schemes have failed; but since they have no alternatives to follow, they only grow more and more desperate, and go more and more berserk. As long as we are held in the thrall of "Right-Left" thinking, there is nothing to do but watch the vultures gather. When the Evil Day comes, don't say that COMMON SENSE didn't warn you.

## KNOWLEDGE IS POWER

### THE USURPERS

By Medford Evans

A devastating indictment of highly-placed Socialists and advocates of centralized government now on the public payroll \$1.00

### THE "PANDORA'S BOX" OF PRATT HOUSE

By Mary Davison

This is one of the author's best releases dealing with the low-down on the U.N. and power behind it. The author traces all the nefarious activities of the U.N. to the sinister Council on Foreign Relations and opens the pandora's box of Pratt House. Here the innermost workings of the key U.N. agencies are examined and unmasked for what they really are. The jig-saw puzzle is put together.

Gatt, Unctad, the Kennedy Round, U.N. Currency, Billion Dollar Giveaway, U.N. World Trade Scheme, mere names to most Americans, are properly outlined and pinpointed. The author goes deep into sabotage of home production, businessmen systematically driven to foreign markets, the Rockefellers, Cyrus Eaton, treason trade . . . all tied in beautifully in the most unbelievable expose of U.N. treason and sabotage levelled at the destruction of the United States. . . .
